See 'access guide' for road book to scrutineering.

The following documents will be checked:

- Mandatory documents from which the vehicle was registered
- Valid insurance
- Identification sheet (HTP, FIVA or other ASN card) (*)

During scrutineering, the Tripy time registration system will be installed in the car. Participants must make the necessary arrangements for this. For further instructions, see regulations.

A member of the team may carry out the administrative check on condition that he / she is in possession of the original documents.

A time control will be placed.

(*) not required. However, participants without one of these documents can't score points for the FIA championship

D. TRIPCHECK

The trip check will be accessible from Friday 30 November at 7:00 am. The route of the trip check can be found in the 'access guide'.

E. SHAKEDOWN

Only for registered teams. Registration closed.

The registered teams receive a road book and time card during the administrative check. The shakedown consists of 2 different regularity tests, each of which can be accessed at most once. Control will be carried out by means of the times card.

The shakedown regularity tests are available on Friday, November 30 between 11h00 and 15h00. Teams must first perform the scrutineering before driving the shakedown tests.

Results of the shakedown tests will be available on the website.

F. START PARK

The starting park is located at the following location:

*“Parc fermé”
Sint-Maartensplein
B-8900 Ieper*

The competitor or a representative of the team must place the car in the starting park between 11:30 am and 4:30 pm. Cars that are in the starting park fall under the 'parc fermé regime'.

Access to the starting park will only take place according to the instructions in the 'access guide'.

A time control will be placed.

G. BRIEFING

B-8900 Ieper*

Two roadbooks will be hand out during the event:

- Roadbook 'LEG 1' (section 1, 2 & 3) hand out on *Friday November 30th*, 30 minutes before starting time
- Roadbook 'LEG 2' (section 4) hand out on *Sunday December 2nd*, 30 minutes before starting time

J. TIME CONTROLS

Early check in is allowed at:

- TC 1D
- TC 1K
- TC 2E

The competition will end on Sunday December 2nd at 'TC 2E - holding parc IN'.

For each leg, the crew may be delayed for 15 minutes in total without penalty. The maximum delay per leg is 30 minutes.

A detailed timing of all time controls, regularity tests, distances & driving times can be found in annex 3. The driving times stated on the time card are the correct ones.

K. COMPETITOR RELATIONS OFFICER

The contact details of the competitor relations officer and the meeting places can be found in annex 4.

L. REGULARITY TESTS

Regularity test sections are organised on roads open to public traffic and will always be provided with a manned start. The post commissioner records the start time of the team on the time card. The crew is responsible for starting at the listed time.

It is forbidden to overtake other participants in the 500m prior to a start of a regularity test unless that other crew with technical problems can no longer move on their own.

The imposed average speeds for all regularity tests can be found in annexe 5. Two categories of average speeds are available per regularity test:

- average speed 'dry or wet'

- average speed 'ice or snow'

By default, the average speed 'dry or wet' will be used. If the average speed 'ice or snow' applies to one or more regularity tests, the marshal at the start of the relevant test will inform the participant via a sign 'art 9.5.1 – exceptional conditions. Use average speed snow or ice'.

M. CLOSED ROAD STAGES

A closed road stage will always be provided with a manned start. The post commissioner records the start time of the team on the time card. The start time is determined when the crew has passed the "flying start".

It is forbidden to overtake other participants in the 500m prior to the start of a closed road stage unless that other crew with technical problems can no longer move on their own.

The imposed target time for each closed road stage can be found in annexe 5.

Your driving time will be measured between the flying start and the flying finish. In case of early arrival at the finish, you do not have to wait at the finish line of a closed road stage. Any driving time faster than the imposed target time will not be penalized. Other penalties are per category according to the regulations.

Wearing a helmet and seat belt is mandatory during 'closed road stages'. The helmet and/or seat belt must not be homologated to one of the FIA-standards. After a closed road stage has ended, wearing the helmet is no longer permitted.

N. ROADBOOK

An example of the road book can be found in annex 6.

O. TIME CARD

An example of a time card can be found in annex 7.

P. ALTERNATIVE ROADBOOK

If a regularity test or closed road stage is canceled, a marshal will make this clear at the start of the relevant regularity test or closed road stage. The marshal will make use of the sign with the inscription 'art 9.5.1 - stage canceled. Use alternative road book. An alternative route per closed road stage can be found at the end of the road book.

An example of an alternative route can be found in annexe 8.

Q. DETOURS DURING LIAISONS

Detours during liaison routes will be made known by a bulletin or indicated on the spot by means of bypass arrows. The arrows are recognizable as follows. If the diversion is made known by means of a bulletin, no diversion arrows will be placed.

R. SPEED CHECKS

On *regularity tests*, speed checks will be carried out by means of the Tripy system in all zones where the average speed is equal to or less than 40 km/h. The specified average speed is at the same time the maximum permitted speed.

There will not be any time recording points:

- during the first 300m of a regularity test section
- during zones where the average speed is equal to or less than 40 km/h
- 300m after a zone where the average speed is equal to or less than 40 km/h

Speed checks during the liaison routes are possible at all times but zones in the roadbook indicate with the speed check symbol needs particular attention. Penalties with regard to speed violations set by the organization can be found in the regulations art. 8.4.1.

S. OVERNIGHT PARK

During the night of Friday November 30th and Saturday December 1st (after TC 1D), the crew is allowed to take the car out of the overnight park. When the crew decide to take the car out of the night park, the crew is obligated to remove the car out of the overnight park within 30' after his arrival time in the night park. The crew is also obliged to place the car back in the overnight park at least 30' before the start time of the next competition day. For security reasons, the overnight park is closed between 30' after arrival of the latest car to 30' before the departure of the first car of the next competition day.

On Saturday December 1st (after TC 1K), crews must leave their car in the mandatory parc fermé till 18h30. Between 18h30 and 19h30 the crew is allowed to take the car out of the overnight park. For security reasons, the overnight park is closed between Saturday December 1st 19h30 and Sunday December 2nd 06u00.

T. SERVICE ROADBOOK / SERVICEPARK

The organisation provides every registered service crew:

- a servicecrew map book
- a servicecrew sticker
- any meal vouchers (if request on the entry form)
- any hotel information (if request on the entry form)

These information will be provided during administrative checks.
